

I don't believe in making couples perform generic, cheesy poses. My job is to capture moments and memories of people when they are at their most natural and most relaxed.
So don't worry, there'll be no over-the-top posing required!

FAMILY FUN & LIFESTYLE

Contemporary & natural photography that tells the story of your family

These sessions can take place at my studio in Cork, in your home or at an outdoor location which has some special meaning for you and where your family feels comfortable.

I spend about an hour with the family and help them to relax and interact with each other in a fun and natural way, which always results in great family photos.
